

Food Distribution - Snehapanku

Date: 09 August 2023

Food is a basic necessity for human life; without it, survival is impossible. However, there are many individuals who struggle to afford even a single meal a day. In recognition of this, our NSS unit decided to launch a new initiative called 'SNEHAPANKU,' aimed at providing food to those in need. The program commenced on 9th August 2023 and continued throughout the year.

This year-long initiative involved collecting food packets from the homes of volunteers and distributing them to people in need. The smiles that appeared on the faces of those we helped brought immense satisfaction to all of us. It also served as a powerful reminder of the value of food and how fortunate we are to have access to it.
