

## Artificial Limb Camp – First Phase

Date: 02 November 2023

We are living in a self localized world where no one even cares about the existence of others. In such a world it is really hard to find kind hearts and real humanity. All about what almost the entire people around us care about is own well being. But at that time what we all forget is about those people who really require our help. Still it is a relief that there empathetic people who thinks about the fellow beings too.

Our NSS unit in association with Rotary club, Thangasherry and Kims Health Centre had organized a free artificial limb fitting camp at our college. The

entire necessities required for the smooth running of camp was arranged by the volunteers of our college. It was a free limb fitment camp for about 60 patients, who are really needful.

The first phase camp was to do a medical checkup for the beneficiaries by expert doctors from Kim's and to take the measurement of their limb that is to be casted. The camp started at 8:30 am in the college auditorium. The official inauguration of the camp was done by our principal Dr. Gopinath. Our program officer Dr. Sulfiya Samad, the official of rotary club and the doctors from Kim's hospital delivered the felicitation. The registration desk, providing assistance to the patients and doctors were handled by our volunteers. All our volunteers were drowned in their own duties with extreme sincerity. It was actually an opportunity that we got to help the needful in our own way. And it can be said with utmost confidence that we had done our duty with dedication. The food for the beneficiaries were also provided at the college. All our volunteers were energetic

and boosted throughout the entire camp. The camp wrapped up after taking the measurement of all the beneficiaries at about 5:30 pm.

The members of rotary club had appreciated each of our volunteers and said that they had actually seen the real volunteer ship. That was really something which filled our minds with joy and sense of accomplishment. They also said that they will call us for further volunteering activities too.

The satisfaction that all our volunteers gained through such an activity was really filling our hearts. Eagerly watching forward for more such actions.

## Artificial limb Camp.

2/9/23

2-5 pm
