

Volunteers for Conducting Kerala School Kalatsavam

Date: 04 – 08 January 2024

The Kerala School Kalolsavam is an annual event organized by the Government of Kerala, featuring various art competitions for high school and higher secondary school students across the state. The 62nd edition of the Kerala School Kalolsavam began with a vibrant opening ceremony in Kollam district on January 4, inaugurated by Chief Minister Pinarayi Vijayan. The competitions were held across 24 venues, with the main venue located at Asramam Maidan. A significant aspect of the 62nd Kalolsavam was the strict adherence to the Green Protocol.

The Green Protocol Committee, responsible for ensuring sustainability during the festival, approached our volunteers to assist in this initiative. The committee provided us with thorough training on how to follow the Green Protocol. Our volunteers were stationed at various venues to supervise and ensure compliance with the protocol. Each Green Volunteer was issued an ID card, and two volunteers were assigned to each venue where the arts festival took place, from January 4 to January 8, 2024.

The volunteers worked diligently to ensure the event was a Green Kalolsavam, encouraging the reduction of plastic use and promoting proper waste disposal.

By participating as Green Volunteers, our team gained valuable knowledge on how to dispose of various types of waste correctly, reduce plastic usage, and educate others about the Green Protocol. It was a great opportunity for the volunteers to be part of an event that brought people from all over Kerala together. The volunteers played a crucial role in the success of Haritha Kalolsavam and performed their duties with excellence.
