

More Trees, More Life Campaign 2024

In association with

Kottankara Grama Panchayath

On June 5th, 2023, the NCC cadets of the 3 Kerala Girls Battalion (SW) from TKM College of Arts and Science, Kollam, organized a tree plantation campaign titled "More Trees, More Life." The campaign aimed to spread awareness about environmental conservation and the crucial role of trees in sustaining life on Earth. A total of 20 dedicated cadets participated in this noble endeavour, planting saplings across the college campus and cleaning nearby areas.

The initiative underscored the importance of afforestation and its impact on mitigating climate change. With each sapling they planted, the cadets symbolized their commitment to nurturing a greener and healthier planet. This campaign not only allowed cadets to actively contribute to environmental preservation but also helped in raising awareness within the community. The "More Trees, More Life" campaign by the NCC cadets of TKM College stands as a reminder of the collective responsibility we all share in safeguarding our environment for future generations.
