Dr.Boby .T. Edwin	(HOD, Dept. Of Botany)
Dr.M.J Sheeba	(Faculty, Dept. Of Botany)
Dr.Sangeetha G	(Faculty, Dept. Of Botany)

In connection with World Environmental Day, the Nature Club , Sports Club and Department of Botany jointly organised an Awareness Programme along with an Eco-Friendly Bag Making Competition on 8<sup>th</sup> of June 2023 at the college campus.

An Awareness Program on Environmental Day was organized to promote environmental consciousness and sustainable practices among individuals, especially the younger generation. The clubs initiated the programme with an Eco-Friendly Bag Making Competition and bag distributions to the nearest vendors. The event aimed to raise awareness about the detrimental effects of plastic bags on the environment and encourage the use of Eco-friendly alternatives. This report outlines the highlights and outcomes of the program.

The main objectives of the programme were :-

- To raise awareness about the environmental impact of plastic bags.
- To promote the use of Eco-friendly bags as an alternative to plastic bags.
- To encourage creativity and innovation in designing Eco-friendly bags.
- To foster a sense of environmental responsibility among participants.
- To inspire and educate individuals, vendors about sustainable practices for a greener future.

### **Event Details:**

- a) Participants: The competition was open to all the departments of our college special focus on college female students. Participants were encouraged to form teams or participate individually.
- b) Bag Making Competition: The core activity of the event was the bag making competition. Participants were provided with eco-friendly materials such as jute, cotton, and recycled fabric to create their own unique bags. They were given a specific time limit to design and complete their bags.
- c) Awareness Campaign: The event also included an awareness campaign where participants and volunteers distributed pamphlets and engaged with attendees to educate them about the importance of reducing plastic waste and adopting eco-friendly practices..

The Eco-Friendly Bag Making Competition and Awareness Program on Environmental Day successfully achieved its objectives of promoting Eco-consciousness and sustainable practices. The event served as a platform for individuals to showcase their creativity while emphasizing the importance of reducing plastic waste. Through exhibitions, and awareness campaigns, participants and attendees of vendors were educated about the environmental impact of plastic bags and empowered to make environmentally responsible choices.

Moving forward, it is essential to sustain the momentum gained from this event by continuing to raise awareness and organizing similar initiatives. By encouraging individuals to adopt Eco-friendly practices, we can contribute to a greener, healthier planet. We would like to express our gratitude to all participants, volunteers, sponsors, and vendors who contributed to the success of this event. Their support and enthusiasm were instrumental in making this program a resounding success
